CAVE QUEST

The search for inner peace can be a life-long journey. However, Justin Yi plans to condense that journey into minutes by packaging it into a \$49.95 video game. In order to create the game, he tracks down Padma, a legendary American Buddhist nun in a Tibetan cave high in the Himalayas. Padma hasn't spoken in five years, but that's okay, he's only looking for the bullet points of enlightenment. When Justin's charm falls short, he embraces darker tactics and the cave becomes an arena for a conflict of wills that changes the course of their lives.
